

'Is there no need for your Church?'

Flyer from Horseheath P.C.C, 1984,

ALL SAINTS Horseheath

?? IS THERE NO NEED FOR YOUR CHURCH ??

Like so many others, your unique parish church building could fall out of use, in spite of the fact that so much effort is going into preserving it.

You see, even though our priest is not paid, it will cost in the region of £250 per month, this year, to keep the church open. Most of you will hope to use the church at some time or other. Knowing this, the Parochial Church Council felt it right to explain that rising costs each year cannot be met by our largely unchanging congregation. Without some help from all parishioners, we could go bankrupt. At the end of 1983 there was only £4.51 in our General Account which has to cover running expenses.

Knowing how generous some have been in helping us preserve your church, we felt that some of you, who for many understandable reasons refrain from attending services, would welcome a chance to give towards keeping our church open.

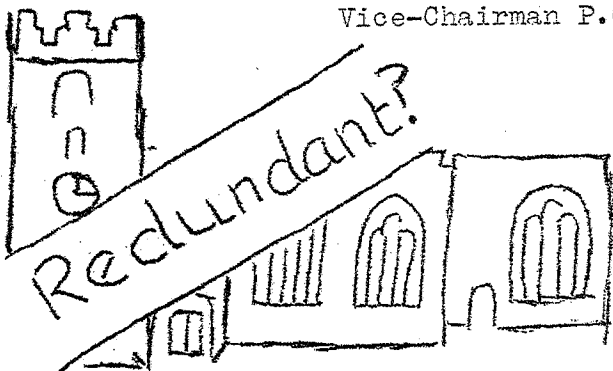

To this end, we are providing an opportunity for you to give occasionally or regularly through contact with church members. If you would like to take part in this survival plan, please contact any one of the members listed below, who will arrange confidentially with you the way you would prefer to donate, however modestly. We'll gladly do the running around.

Don't leave it to others. Other people might not help.
No church - no christenings - no weddings - no funerals.

NO KIDDING.

What happened to your school? Remember!
